Hello Nicholas,

The owners of the site are just starting the Remedial Investigation/Feasibility Study and that is scheduled to last approximately 4 ½ to 5 years. So RA is not likely to start for some time now. If you have any interest please contact Steve Wright of CFAC: swright@cfaluminum.com

Thanks for your interest,
Mike

Good Afternoon Mike,

I am checking in on the The Anaconda Aluminum Co Columbia Falls Project.

We were wondering what the timeline looks for the job, and when you think RA will start.

Thank you and all the best.
